

| Performance         |                          |
|---------------------|--------------------------|
| Item                | Specifications           |
| OPERATING FREQUENCY | 3390MHz-3410MHz          |
| GAIN                | 40dB min                 |
| GAIN FLATNESS       | +/-0.3dB max             |
| OUTPUT P-1 POWER    | +13dBm min               |
| NF                  | 0.7dB (type) 0.9dB (MAX) |
| VSWR                | 2:1 Max                  |
| DC POWER @+12V~17V  | 200mA (type)             |
| Operation Temp      | -55℃~+85℃                |
| I/O connector       | SMA-F                    |
